

Speech and Language Training For Early Years Staff

The Southwark Early Years Speech and Language Therapy Service would like to offer further dates for the **free** training package.

The purpose of the training will be to skill up staff in the identification and management of children with a range of communication difficulties. The attached sheet shows the areas we cover in the training.

The training aims to provide practice in identifying areas of difficulty and strategies to assist children experiencing these problems.

We run the courses on a monthly basis. Places for each course are limited and will be offered to individuals on a first come first served basis. The number of places we offer each nursery is limited to **two** per training.

This is a **two day** course followed by a **2 - 3 hour tutorial** approximately 4 weeks later. Please be aware that participants **must** attend **both days** of the training **and the tutorial** in order to obtain a certificate.

If you are interested in attending the training, please return the form provided, indicating the dates you would prefer. Please send the application form as soon as possible.

Please be aware that you can attend the training session **only** when your booking is confirmed with Training Administration Team.

Please note that participants will be asked to print the training pack which will be sent out via e-mail before the 1st training session.

Please do not hesitate to contact the team on **0203049 6010** if you would like any further information.

The Speech and Language Training Calendar is attached to this letter.

Many thanks,

Speech and Language Therapy Team
